

The 2006 IHRIM Mid-Year Source Guide will serve as a valuable reference tool. For your convenience, the Guide has two sections; a Categorical Listing and an Alphabetical Listing. In the Categorical Listing, companies are listed under the product and service categories of their choice. For information on a specific company and its products and/or service, please refer to the Alphabetical Company Listing.

While a listing in this guide does not constitute an endorsement by IHRIM, it does indicate that these companies are interested in serving the needs of HRIS professionals. We hope this Source Guide will assist you in your 2006 purchasing decisions.
